

Symbol:	TACT-24N-F-IG
----------------	---------------

Manufacturer:	NINIGI
----------------------	--------

Product specifications

Type of switch:	microswitch TACT
------------------------	------------------

Contacts configuration:	SPST-NO
--------------------------------	---------

Number of positions:	2
-----------------------------	---

Stable positions number:	1-position
---------------------------------	------------

DC contacts rating @R:	0.05A / 12V DC
-------------------------------	----------------

Mounting:	THT
------------------	-----

Illumination:	LED
----------------------	-----

Backlight colour:	green
--------------------------	-------

Operating Force:	2.45 N
Microswitch body dimensions:	12 x 12 mm
Button height:	7 mm
Switching method:	OFF-(ON)
Button shape:	round
Terminal pitch:	5x12.5 mm
Operating temperature:	-25...70 °C
Leads:	for PCB, straight

Additional information

Gross weight:	0.001 kg
